Billy Vaughn and his Orchestra – single

1475 Vaughn, Billy and His Orchestra *Things Go Better (instr.)/James (instr.) Dot 45-16841 (US) 1966*

Both tracks are instrumentals. Leon and Snuff Garrett have prod."Things go better" and I guess arranged the Coca Cola track. There is a synthesizer intro and background on most of the track. It could *be Leon. No piano on "James" (one of those tracks were you wonder why the f… has somebody bothered recording and releasing it!).*
Was also released as a promo 45 with "Things go better" on both sides.
